Congregational Church Holds Dedication Ceremony Sunday

Dedication services for the recently completed Congregational Church of Campbell will take place this Sunday at 4 p.m. with visiting ministers, city officials, and members of the congregation participating in the impressive ceremonies.

The new church, situated on West Campbell Ave., rated by observers as one of the most beautiful edifices in the Valley, has been occupied by the congregation since the last week in July but Sunday will mark the formal dedication of the building.

The Congregational Church has been an integral part of the Campbell history since its establishment here in 1889. For more than 60 years it was located on N. Central Ave. On August 1, the building it had occupied was sold to the City of Campbell. It is now in the process of being converted to Campbell's first city hall.

Rev. Corwin Olds, a retired brigadier general of the U.S. Army chaplain corps, is minister of the church with Rev. Delbert E. Hollenberg as his assistant.

Participating in the dedication program on Sunday will be Rev. Herbert Neale, pastor of the First Methodist Church of Campbell.

The Methodist church has also just recently completed a new building in Campbell.

Mayor John M. Chargin will bring greetings from the City at the ceremony Sunday. A number of guest ministers and other dignitaries will also be present.

Among those who will take part in the program are, Rev. William David Pratt, superintendent of northern California Congregational churches and Rev. Frank E. Carlson, a retired minister and a member of the local church. Rev. Carlson will conduce the Litany of Dedication.

Others taking part include, Rev. Robert B. Whitaker, of the Skyland Community Church; Rev. Arthur T. Gillespie, active church member who assisted at the gradu-

Tryouts will be held for the Fall production of the "Footlighters" of "Solid Gold Cadillac" by Howard Teichmann and George S. Kaufman at the high school auditorium this evening at 8 p.m. There are six good male parts and five good parts for women plus a number of bit parts to be chosen. Artists and set technicians are also needed. Margaret Douglas Chamberlin from San Jose State will direct the play.

The Rev. Elbert W. Womack, minister of the First Christian Church of Campbell, and his two sons, Stephen, 11, and Walter, 9, assisted in the rescue of two San Jose fishermen from the waters of Anderson Reservoir after their boat struck a tree stump and capsized last Thursday.

After the boat capsized, the men swam about 100 yards and were pulled out of the water by the Womacks. After getting the men safely into their own boat, the Womacks righted the overturned boat and towed it to a wharf.

SHOW—NO GO!

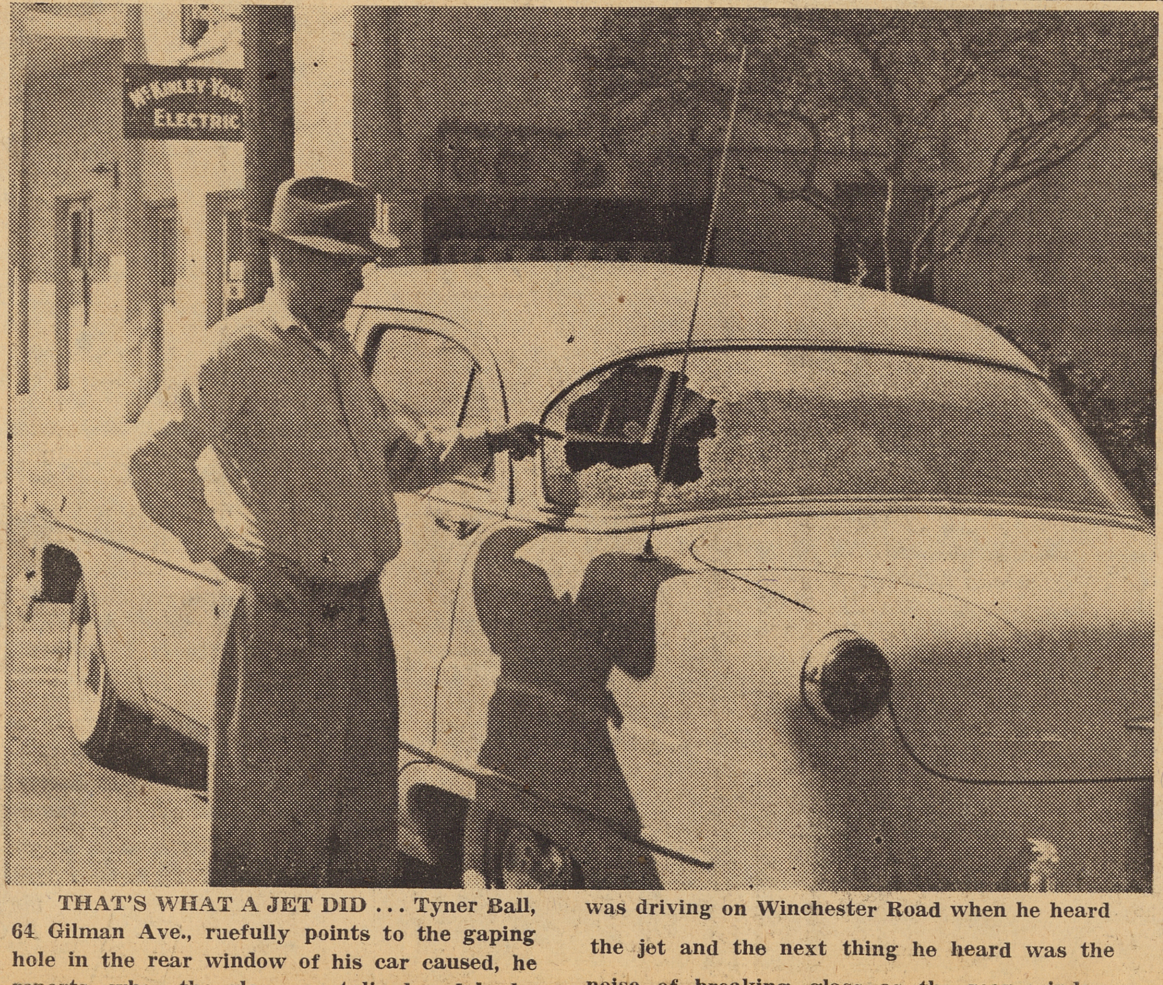
Fast action last Friday on the part of Mrs. Vivian Faulkner, assistant secretary of the Campbell Chamber of Commerce and cooperation of the Campbell Police and the Better Business Bureau of San Jose, may have saved two organizations of this area both embarassment and money.

When Mrs. Faulkner was approached by a member of a local organization and a representative of the "Wheelchair Shows," for support from the local Chamber in the staging of a variety show, Mrs. Faulkner suggested that more information was needed as to the show's promoter's record in other communities.

She contacted Wes Strouse of the Better Business Bureau, who reported that the Bureau had a few questions to ask the local representative.

The Campbell police then contacted the representative who had started her rounds. She later was questioned by both the District Attorney and the Better Business Bureau.

To the mutual satisfaction of almost all concerned it was decided that the show would not go on.



THAT'S WHAT A JET DID . . . Tyner Ball, 64 Gilman Ave., ruefully points to the gaping hole in the rear window of his car caused, he reports, when the glass crystalized and broke after a jet plane had flown over. Ball said he was driving on Winchester Road when he heard the jet and the next thing he heard was the noise of breaking glass as the rear window burst into many pieces.

Downtown Business Gets "New Look"

Downtown Campbell is in for a major face-lifting operation, if new building and remodeling plans now on the drafting board, materialize.

This was indicated this week as local business firms, property owners and city officials geared for action in an overall program that will materially change the appearance of the business section.

The undertaking, long awaited by progressive business people of the area, will more or less officially get off the ground tonight at the meeting of the Planning Commission when plans for new construction as well as remodeling will be presented by two different parties for approval of the City Planners.

Changes Appearance

The "face-lifting" not only will change the appearance of the two-block business area but will necessitate the moving of a number of present firms to new locations as some of the older building are torn down and new stores are built.

The plans that will be presented tonight are only part of the overall program which will have a direct bearing on the entire E. Campbell Ave. front from Harrison Ave. past Second St. Other plans for the future building on the street are past the "talking stage" and are merely waiting the go-ahead signal.

Fast Breaking Moves

In a series of fast-breaking moves this week on the local construction front, a clear pattern of the future development of the street has been presented, indicating that the dormant stage of the main drag has finally ended and that things will soon hum in town, giving Campbell Ave. a new look!

!That this "face-lifting pattern" now has progressed from the "tentative" to the "active" stage is indicated by the following developments that are either ready to break or have taken place previously and affect the overall picture of the street:

Pattern Outlined

(1) William Lloyd, owner of business buildings, which now house four local establishments, Cy Penhall's barber shop, Jimmy Arnold's meat market, Taste-Good Bakery, anl Lassley's T.V., has already informed his tenants that they must vacate in order to clear the way for a remodeling and new building program that is planned to take place almost immediately.

(2) Lloyd will present to the Planning Commission for approval tonight the plans for the construction and remodeling of the four present stores that will convert them into an attractive modern shopping center with access from Campbell Ave. to the new parking lot recently constructed in the rear.

(3) Tony Raffanti, owner of the property at the southeast corner of Campbell Ave. and Second St., will also present plans to the City Planners tonight calling for the construction of a new 40 x 50 foot store at that location.

New Bank, Too

(4) According to Joaquin Payne, manager of the local American Trust Company branch, plans and specifications are now being drawn for the construction of at least a $75,000 new bank building on the southwest corner of Campbell Ave. and Second St. now occupied by four dwellings which will be torn down. The bank purchased the property some time ago.

(5) Carl Field, owner of the building now occupied by the Campbell Hardware at 369 E. Campbell Ave. revealed that based on the report and investigation of the city's building inspector, W. L. (Bud) Morser, the building has deteriorated to such an extent that the entire structure must be torn down. Field said he has no plans at the present as to what, if anything will go on the property when the building is demolished.

(6) Indications are that the Campbell post office which will be forced to double its present space before its lease on the building runs out next June, may take over the quarters now occupide by the Campbell Cleaners which will necessitate the remodeling of both buildings. John Lyndon is the owner of both.

(7) Ainsley Corporation is completing a new store building at 375 E. Campbell Ave.

Face-Lift Means It's Moving Time

It will be moving day for quite a number of Campbell merchants when "Operation Face-Lift" goes into effect.

The remodeling and building plans of William Lloyd affects four local stores that will be forced to vacate when the project gets under way.

The Taste-Good Bakery, 389 E. Campbell, owned by Mr. and Mrs. Hans Hansen, will be the first to leave their present quarters. The Hansens plan to move directly across the street to the building now vacant but formerly occupied by the American Auto Supply while Cy Penhall, operator of the barber shop, has his own building on E. Campbell just east of the Towne Pride Market.

Still indefinite as to their future plans are the two other tenants affected by the rebuilding project, Jimmy Arnold's Meats and Lassley's TV.

Norm Corvello, Campbell Hardware owner, will also be forced to look for new quarters because the store building he now occupies is to be torn down. Corvello is negotiating at the present time with

Surprise Shower!

Coming as a shock to the unitiated, Campbell on Tuesday night along with other Santa Clara Valley communities received the first rainfall of the new year. (The year starts July 1.)

The unexpected storm brought .54 inches of rain to Campbell, according to the gauge of the Campbell Water Company. Ralph Hyde, longtime resident and associated with the water company for many years, reported that it was the heaviest downfall for this time of year that he could recall.

Damage to prunes and the strawberries was reported as weather experts attempted to figure out whether this meant another wet season was coming or that it was just a flash in the pan.

City Planners to Face Tough Job On Setback Deal

City Planners will have their work cut out for them tonight when they meet at the Country Woman's Clubhouse to try to make a decision (twice delayed) on the official plan-lines for Winchester Road and Campbell Ave.

Other matters on their full agenda, however, will be of less controversial nature. Chief among these are two sets of the building plans presented for architectural approval of the Commission by William Lloyd in one case and Tony Raffanti in the other. Both plans involve the long-awaited improvement of the downtown business section and no opposition to the projects is anticipated.

In the plan-line situation, the public hearing has been twice continued because the Planners wanted more information as the setback cost to the City and how the property owners on the streets will be affected.

Mark Thomas, city engineer, has indicated that his office would furnish the Planners tonight with relative cost basis to show in what cases the City would need to acquire all the property involved in the setback or in how many cases 15-foot front yards would result. It is contemplated that the present city ordinance would be amended to allow for 15-foot setbacks instead of the present 25-foot required by the city. The engineer's report should also indicate whether it would be more economical to "jog" in some cases rather than to take off land equally from both sides of the street.

Other matters to come before the Commission tonight include a public hearing on the application of Yano T. Circo for a use permit to construct a dwelling unit in a commercial zone on the San Jose-Los Gatos Road and public hearing on a zone change of recently annexed property to the city.

Rev Neale Slates Lectures on His Recent Studytour

"What I Found Behind the Iron Curtain" will be the subject of two illustrated lectures by The Rev. Herbert Neale in the First Methodist Church of Campbell. The first lecture is scheduled for this Sunday at 7:30 p.m. and the second on the following Sunday, September 30, also at 7:30 p.m.

Neale has just returned from an extended studytour in Europe with Dr. Alfred Fisk of San Francisco State College and his party when the group stayed behind the Iron Curtain longer than any other American group this summer. The lectures will be illustrated from the hundreds of colored slides Rev. Neale was able to take in Russia, Czechoslovakia, Poland, Germany and other countries.

Rev. Neale will discuss attitude of peoples behind the Iron Curtain, fate of their churches, and many other subjects of current international interest.

The public is invited to come and hear the talks.

Don Given of Campbell took home 24 first place cash awards and blue ribbons in the poultry and rabbit division at the County Fair.

Jim Arends to Resign City Council Office

Councilman J. B. (Jim) Arends, who was first elected to the Campbell City Council when the City was incorporated in 1952 and is one of the two original councilmen now serving, will submit his resignation as a City Father Monday night, it was reported this week.

Who will be appointed in Arends' place to complete his term of office apparently was a wide open question with the four remaining city councilmen who will do the appointing, indicating that they were "open for suggestions".

Moved Outside City

Councilman and Mrs. Arends have just recently completed the building of their new home which is outside the city limits and under the law a councilman must reside within the city he is serving.

Thus, the City Council has no choice but to accept Arends' resignation which will take effect within 30 days.

In resigning the office to which he was first elected for a two-year term in 1952 and reelected for a full four-year tenure in 1954, Arends emphasized that his interest in the welfare of Campbell is just as strong as ever.

"My interest still lies in Campbell and always will," he said, "We consider ourselves still a part of Campbell, although our new home unfortunately is a mile outside the city limits. We attend church in Campbell, our business is in Campbell and by no means are we "moving away."

Arends and his brother, "Doc", are partners in the Campbell Lumber Co., at Casey and Winchester Roads. The brothers just recently completed a new modern building at that location. The councilman has been a resident of Campbell since 1945, coming here after service in World War II. He grew up in Sunnyvale and attended San Jose State prior to his World War II service. He was elected to the Council in 1952 with Richard Morton, Dr. Frederic Snyder, Joseph V. Gomes and J. M. Dahl.

Two Years First Term

The original Council served for two years and in 1954 Arends was reelected along with Morton. Named at that time also were John Chargin, Charles Rose and Gordon Daum. Snyder, Gomez and Dahl did not seek reelection. Arends, along with Morton, drew the four-year terms and did not face reelection this Spring when Chargin and Rose were reelected. Myron Fairchild was elected at that time to the other seat on the Council.

Who Gets Job?

Who will succeed Arends on the City Council remained up in the air this week and no one seemed to have an inside track for the job.

JIM ARENDS
. . . Leaves Council

The vacancy will be filled by the four remaining councilmen but none of the present City Dads appeared to have any particular choice. The Council will not be in any hurry to pick a successor, Mayor Chargin indicated.

Although no official "nominations" have been presented to the City Council, several "suggestions" were going the rounds of town this week as possible appointees.

Prominently mentioned was L. W. Harmon, local real estate and insurance man, and currently secretary of the City Planning Commission. Harmon headed the original Incorporation Committee in 1952, was a candidate for the Council then and just "ran out of the money." Harmon however, has been in ill health lately and it is doubtful that he would accept the post.

Other Names

Among other suggestions heard "on the street" were W. W. Johnson, local insurance agent, Verle Grizzle, former Chamber of Commerce and Lions Club president and also a former candidate for the Council; Mrs. Carolyn Coons Payne, a school teacher who has been a candidate in all three previous council elections; Bill Harrison, local real estate agent.

No Action on "Insult"

City Council Opens Bids Monday For Widening Project of Hamilton

Bids will be opened by the City Council on Monday night for the widening of Hamilton Ave. from Winchester Road to Central Ave. The Council is also expected to have a progress report on the long-awaited resurfacing project for Winchester Road submitted by City Engineer Mark Thomas.

Although miffed by the brochure that was mailed by opponents to the proposed incorporation of Saratoga which cited Campbell as a horrible example of cityhood, the City Council is not expected to take any official action on the matter Monday. The incorporation vote will take place next Tuesday.

Mayor John M. Chargin however, said this week that he felt the brochure was filled with half-truths and did not give the true picture of the local situation. He said the City of Campbell did not care what action Saratoga residents took at the polls Tuesday but he felt that the Campbell case was misrepresented in the brochure through the manipulation of statements taken out of context.

He cited the decline of juvenile delinquency in Campbell since the advent of incorporation and the establishment of Campbell's own police department as one outstanding example of how home rule has benefitted the community.

Final action on the adoption of the sales tax ordinance for the City of Campbell will also be taken on Monday. The sales tax will go into effect on October 1.

There was still an outside chance that the City of Milpitas would adopt the countywide sales tax plan, Mayor Chargin pointed out. If Milpitas does, he said, the local ordinance would be amended so that Campbell could take part in the uniform countywide plan. All cities in the county must adopt the county plan for it to become effective.

BPW to Observe National Week

"To help the folks around here to be aware of how important business women are to the life of our town" and to build membership, are just two of the objectives of Campbell's Business and Professional Women's Club, in observance of National Business Women's Week starting Monday.

The Campbell club, along with six other clubs from neighboring communities, are emphasizing the spirit of cooperation

"Keep Your Eye On Small Fry" Rotarians Urge

"Keep Your Eye on the Small Fry". This catchy slogan made its appearance in town this week the first phase of a year-long traffic safety campaign sponsored by the Campbell Rotary Club, got under way with the start of the local schools.

The safety project of the Rotarians has been established by Merv Willoughby, Rotary president, as the theme of the year for the local club. Douglas Fitzgerald, of the National Automobile Club and a Campbell Rotarian, is chairman of the committee. On the committee are Al Smith, director of driver education and Dr. Robert Jasmine.

Under the first phase of the safety drive, the local club has placed 150 posters on poles within two blocks of 12 schools in this area. In addition three large billboard type signs have been erected in strategic locations near the schools.

On both the billboards and posters the slogan, "Keep Your Eye on the Small Fry" has been prominently displayed.

In October and November as its second phase, the Rotary Club plans to co-sponsor an essay-poster contest among the school students and before Christmas the club has undertaken to stencil the sidewalks in town.

As a final part of its safety crusade the Rotarians plan to conduct a bike-safety campaign among the youngsters of the community.

1956 County Fair Sets New Record For Attendance

Fair gates closed on the greatest Santa Clara County Fair in history Sunday night! More than 243,247 visitors from all over the country saw and enjoyed the showcase of Santa Clara County—the Valley of Heart's Delight!

Records were scored on attendance in the fairgrounds, the grandstand show, and the fair-view train passengers. Friday of fairweek saw over 10,000 persons riding the trains. Saturday topped Friday's record, with over 11,000 passengers.

Attendance records for the 1956 fair were 7000 over last year, accordiing to William A. Straub, Fair manager. Scores of persons saw and enjoyed the stage show, acclaimed to be one of the best in Santa Clara County Fair history.

Highlights of the Fair, were exhibitions in seven major departments including agriculture, horticulture, livestock, home economics, art and photography.

Goats, a new division in the livestock division, proved to be a popular feature of the Fair. Raymond Kadlec presented daily shows with Verray's Goat Antics, five trained goats and a French Poodle named, Moe. Mrs. Frances Townley exhibited two white pack goats, the only ones, she claims, this side of Tibet.

Junior Division awards were made Friday night and Future Farmers of America and 4-H groups of Santa Clara County received deserving rewards and honors for their projects.

Redecorate your living room with light!
The trick is *balanced* lighting: Flood your living room with soft, diffused light — *enough* light to cheer up gloomy corners, brighten colors, bring out the rich textures of lovely fabrics. Balanced lighting helps *you* look your loveliest, too!
Three steps to balanced lighting:
1. Count your lamps—have you enough? It takes 5 lamps to light the average living room (250 square feet). A single lamp lights just 50 square feet.
2. Check bulb sizes. Table lamps should have one or more bulbs totalling 150 watts; floor lamps should have bulbs totalling 300 watts.
3. Now comes the fun. Move lamps around till soft, diffused light fills room *evenly* . . . without harsh glare or shadows. Then sit back and enjoy it!

Spartans Open Against Drake This Saturday

San Jose State opens its 1956 football season Saturday night at Spartan Stadium meeting a high scoring Drake University team in an intersectional game starting at 8 p.m.

It will be the first of 10 games for the Spartans in their seventh and final season under Coach Bob Bronzan. Warren Gaer's pass-conscious Drake eleven bowed in its opener, a wild 39-33 loss to Utah State last week.

Several sidelights will lend interest to the game. Halftime performances by the card stunt section and band will marke the official inaugural of the San Jose State Centennial observance, a celebration which will continue throughout the year. It will also be the first game played under the modern, enlarged lighting system of Spartan Stadium. The Spartan marchiing band will also have a new look under the direction of a new leader, Robert Muzzi.

This will be the second game between the Spartans and Drake. San Jose nipped the Bulldogs, 12-0, in 1939. That game marked the 13th and final win of the only undefeated untied season in Golden Raider history.

A repeat of that defensive battle is highly improbable. Drake, paced by Quarterback Roger LeBrasca, end Jerry Mertens and halfback Buford Waterhouse, was the sixth ranked passing team in the U. S. in 1955. The same talented trio, now juniors, indicated in the Utah State game the Bulldogs will be even more productive this season.

Bronzan has installed a colorful offensive system for his final Spartan team. Split ends, flanker backs and passing by both quarterbacks and halfbacks give promise of an aerial offense of far greater proportions than any previous Spartan team.

Quarterbacks Marv McKean (pronounced McKane), Bob Reinhart and Dick MerMeil figure to give the Spartans the finest passing since Lynn Aplanalp and Gene Menges.

A fine corps of ends including Mel Powell, Chuck Alexander, Hal Boutte, Pete Galloni and Bob Dunivant, halfbacks Art Powell, Walt Ackemann and Harvel Pollard and Fullback Pat Hiram constitute the best aggregation of receivers since Bronzan has been head coach.

Fronting this offense will be three All-Coast candidates, end Mel Powell, tackle Jim Hughes and guard Charley Kaaihue. Add to these center Roland Logan and Jim Craig, guards Stan Keith and Herb Boyer and tackles Tom Ryan, Austin Laramie and Nick Sanger for one of the best Spartan lines in some years.

American League

The New York Yankees have a 10 game lead over the Cleveland Indians. Chicago a game ahead of Boston. Detroit 17½ games ahead of Baltimore. Washington 12 games over Kansas City in the cellar.

National League

Brooklyn holds on to a 2-percentage point lead over Milwaukee, Cincinnati 2 games out. St. Louis has a 3½ game lead over Philadelphia. Pittsburg, New York and Chicago tightly grouped in that order.

I still pick Milwaukee to win the pennant.

Reserves Press First Unit

Campbell High football players got down to real work this week with the opening of school. Varsity Coach Jim Muir reported he was impressed by the ability demonstrated by the players who had been assigned to the so-called "second unit".

He predicted that based on the progress the reserves had shown that some of the so-called first stringers would be hard-pressed to hold their places.

Campbell plays its first league game against Santa Clara on October 5 and opens the season with a practice game with Lincoln High on September 29 at Santa Clara.

Muir reported that the first unit that had been working together so far included in the line, Jerry Chacon, up from jv's and Dave Machado, a transfer, at right end; Mike Profit, varsity letterman, right tackle; Hector Cordova, varsity letterman, right guard; Tom Farley up from the lightweights and Ray Salvano, from the jv's, at center; Gary Prnjak, varsity letterman, left guard; Mike Browne, varsity letterman, left tackle; Frank Koontz, up from lightweights, left end.

In the backfield, Jim Corbus, some varsity and jv experience, and Jim Keech, up from lightweights, at quarter; Bud Scribner, varsity letterman, left half; Gene Bowen, varsity experience and Dave Alvarez, up from lightweights, right half and Calvin Vargas, varsity experience, fullback.

Kiwanians Hear Talk on Egypt

"People and Buildings of Egypt" was the topic discussed at last Tuesday's Kiwanis Club meeting, when Jim Pienbrink from the Rosicrucian Order in San Jose illustrated his talk with a motion picture. Jim LaPlant, chairman for the day, introduced the guest speaker.

RADIANT BRIDE, HAPPY GROOM . . . Following their double-ring nuptials in the Stone Church in Willow Glen, newlywed Mr. and Mrs. Robert Ostermeier leave the church for the garden reception for more than 300 friends and relatives of the couple, at the home of the bride's parents. On returning from their honeymoon at Brookdale Lodge, the young couple is residing at their new home at 28 Jane Ann Way in Campbell. The bride is the former Miss Edwina Folden, daughter of Mr. and Mrs. Robert A. Folden of San Jose. Robert is the son of Mr. and Mrs. William Ostermeier of Campbell.

Robert Ostermeier Claims Bride in Willow Glen Stone Church Nuptials

A pink and white color scheme was carried out in the floral decorations and attire of the bridal party, when Robert Ostermeier claimed Miss Edwina Folden his bride on the afternoon of September 21. The couple repeated their vows to The Rev. T. H. Simpson in a double ring ceremony held in the Stone Church in Willow Glen.

The church was banked with stock, gladioli, chrysanthemums and daisies and white satin ribbon bows and daisies marked each pew along the aisle. The matron of honor, four bridesmaids and flower girl were attired in blush pink imported nylon dotted Swiss organdy. The low fitted waistlines of their gowns came to a "V" in the front, bordered with tiny white daisies, and their ballerina-length bouffant skirts fell from the waistlines. The sleeveless bodices were fashioned with boat necklines, encircled with wide collar-like bands of the same material. Garlands of white daisies were worn in their hair and their French bouquets of baby pink roses were held in backgrounds of open fans of very sheer white lace. Mrs. Richard Ervin Holdren was her sister's matron of honor and Shirley Folden, another sister, Carol Ann Ostermeier, sister of the groom, Sharon Berry and Jeanne Battersby were bridesmaids. Susan Estensen, age 7, was flower girl.

The bride, who was given in marriage by her father, was attired in an imported peau de soie gown of original design, appliqued in imported Chantilly lace, in blush champagne hue with a formal length train extending a few yards down the aisle behind her with a shorter train over it. The train extended from her very bouffant skirt which had two overskirts of imported French tulle and one of French net. The fitted bodice of her gown was fashioned with short puffed sleeves and a scoop neckline edged in seed pearls, with tiny bows of the same material down the front of the bodice. Her elbow length mitts were of the same material and her jewelled coronet held her fingertip veil. A spray of white carnation completed her attire.

Richard Rice, a friend of the groom, assisted him as best man, while ushers were: Richard Holdren, brother-in-law of the bride; Charles Cantoni, Richard Alfano and Phil Benley. Larry Brink, ring bearer, carried the ring on a heart shaped pillow of white satin, with white lace streamers.

Mrs. Robert A. Folden received the more than 300 guests at the reception which followed in the garden of her home, attired in an emerald green faille Empire style gown. Her accessories were in black and she wore a lavender orchid.

The groom's mother, Mrs. William Ostermeier, chose a champagne lace sheath with the skirt sweeping to a pleated flare in the back. She wore black accessories and a lavender orchid corsage.

When the young couple left for their honeymoon at Brookdale Lodge, the bride was attired in a beige sheath and orange Chinese duster, lined in beige. Her accessories were beige and she carried

The new Mrs. Ostermeier is the daughter of Mr. and Mrs. Robert Folden of 1039 Camino Ricardo, San Jose. She graduated from Willow Glen High School where she was affiliated with the Argonauts, national honor society of service, and the Thespians. She has two sisters, Mrs. Robert Holdren and Miss Shirley Folden.

The groom is the son of Mr. and Mrs. William Ostermeier of 217 Bland Ave., Campbell. He graduated from Campbell Union High School and studied electrical engineering at San Jose Junior College. He is employed as an electrical darftsman at Westinghouse in Sunnyvale. He has a sister, Miss Carol Ann Ostermeier.

On returning from their wedding trip, the couple is making their home at 28 Jane Ann Way in Campbell.

Newlyweds Make Home in Napa

When Miss Irene Raquel Rodriguez became the bride of Robert Mead Sweet she chose a floor-length gown of white lace over satin, fashioned with a fitted bodice, long, tapered sleeves and a Peter Pan collar. The bouffant skirt was paneled in tulle. In her hair, she wore a matching coronet, from which her fingertip veil descended. A white carnation cascade bouquet completed her dridal attire. She was escorted down the aisle on the arm of her father.

Nuptials were solemnized at St. Lucy's Church in Campbell on the afternoon of September 1st, with The Rev. Thomas Ahern reading the vows.

Her three attendants wore similarly-styled ballerina length gowns in different hues. Her sister, Miss Beatrice Rodriguez, was her maid of honor. Her light blue crystalite gown was designed with a fitted bodice, scoop neckline, coming to a "V" in the back, and the bouffant skirt was finished with panels at the front and back. Her headpiece was a bow of the same material as her gown, which was attached to her hair with a narrow band. A short veil was attached to the headpiece. Her cascade bouquet was made up of pink carnations.

The Misses Janice deReschke and Frances Rodriguez, bridesmaids, wore ruby-colored gowns and carried cascade bouquets of yellow carnations. Little Miss Karen Sawalski, age 4, as flower girl, wore a white crystallite dress, with a matching collar circling the neckline. She carried a colonial-type bouquet of carnations.

Mrs. Robert Rodriguez wore an aqua lace dress with brown accessories for the ceremony, with an orchid corsage completing her costume.

QUITO RESIDENTS!
Before You Vote September 25th
WEIGH THE FACTS!
SAN JOSE CAN NOT ANNEX TERRITORY WITHOUT AN ELECTION!
The Annexation Act of 1913 is a part of the State Law of California This Law protects you from annexation by any city – unless a majority vote for it! San Jose's attempts to annex inhabited territory have been defeated consistently by the Voters. DO NOT BE FOOLED BY THE SCARE TACTICS OF INCORPORATIONISTS!
INCORPORATION IS NOT NECCESSARY!
INCORPORATION WILL COST YOU MONEY!
How much is debatable – but certainly far more than the optomistic figure quoted by incorporationists. Campbell, as an example, paid this year 74¢ per $100. AND, IN ADDITION, CAMPBELL HAS JUST ADDED A SALES TAX TO GET ADDITIONAL REVENUE. REMEMBER–SARATOGA TAXES WILL BE IN ADDITION TO ALL THE TAXES YOU ALREADY PAY!
INCORPORATION IS EXPENSIVE!
INCORPORATION TODAY - INDUSTRIALIZATION TOMORROW!
Already two of the candidates for council endorsed by the incorporationists have publicly stated that they favor industrialization along the railroad track. DO YOU WANT INDUSTRY IN QUITO AREA?
INCORPORATION IS DANGEROUS!
YOU GET NOTHING IN RETURN!
Incorporation will give you NOT ONE SINGLE ADDITIONAL SERVICE! You may get EVEN LESS than now.. the proposed budget for street maintenance, for example, is less than one-third of what the County spends for equal mileage.
INCORPORATION IS VALUELESS!
YOU CANNOT KEEP SOMETHING THE WAY IT IS BY CHANGING IT!

We Believe in Home Rule

Residents of the Saratoga area will vote next Tuesday on the question of incorporation and opponents are battling right down to the wire. The fight between the factions has become intense and at times quite bitter.

The City of Campbell unintentionally and unwillingly was dragged into the fray when the so-called Saratoga Protective Committee, representing the anti-incorporation groups, in a mailed brochure cited Campbell as a horrible example of what happens when a community incorporates. The brochure urged Saratoga residents not to repeat the Campbell story in Saratoga.

The brochure presented as "evidence" various headlines taken from The Campbell Press during the last few years. The headlines were supposed to show that the people of Campbell have been misled and the results of cityhood have been far different than was anticipated when incorporation was voted in.

We believe that this brochure is one of the most unfair campaign gimmicks that we have run across for a long, long time.

It is a simple enough job to quote headlines to "prove" one's point. That kind of proving takes but little intelligence or research and can be done on almost any subject. The unfairness in such a procedure is to leave the headline dangling so that the reader draws his own conclusion without the benefit of supplementary facts. The conclusion drawn in many cases is often far different from what supplementary facts will show actually occurred.

Election campaigns throughout history have dropped to some pretty lowly levels in mud-slinging and name-calling. But we feel that the opponents of incorporation in Saratoga should have been big enough to conduct their anti-incorporation campaign without dipping into the demogoguery barrel and coming up with half-truths. It is a cheap trick at its best, hardly one that one would expect to come out of the "exclusive" Saratoga area. It resembles more the tactics that would be employed in a slum area. We consider it an insult to the intelliegence of the voters of Saratoga.

We are not concerned, however, with the question of incorporation of Saratoga. The people of that area can answer the question to their own liking next Tuesday.

What disturbs us is the spot Campbell has been put on as Exhibit "A" in this incorporation battle. The people of Saratoga can settle their problem any way they want but it is not fair to have Campbell held up as a horrible example of cityhood at its worst, especially when facts of the case do n ot justify such a condemnation.

But let's be specific. We quote from the brochure:

"RECORD CITY BUDGET OF $383,156" (July 26, 1956) (Yet nothing is said about the fact the tax rate was dropped from the previous year.)

"PLANNERS APPROVE RUBBISH DUMP OVER PROTESTS OF RESIDENTS, . . . This dump is near a residential area and has been an irritating source of smoke and flies." (This is a deliberate misstatement of facts. There is NO BURNING ALLOWED at the West Valley Disposal Grounds (the dump that is referred to on the San Jose-Los Gatos Road. It is a cover and fill operation and only DRY trash is allowed. Health officials as well as almost every resident who is familiar with the operation agree that this operation is an asset to the community

We could cite almost every one of the "dangling headlines" used in the brochure and by supplementary facts prove that they are deliberately misleading. But the above two are sufficient to "prove" our case.

We resent especially the concluding section of the brochure:

"The moral of this story is very clear. . . Campbell residents had better planning . . . better fire protection . . . more actual say-so in governing their area before incorporation . . . and at much less cost!"

We are firmly convinced that despite the ravings to the contrary by the disgruntled group in Saratoga who have resorted to below the belt blows in their campaign, Campbell has progressed materially since incorportation.

We are convinced that home rule to the people of Campbell has been and will continue to be an advantage to every resident of this area.

We are convinced that more civic improvements have been made under incorporation that would have been possible otherwise.

We are convinced that police protection to cite a particular example has been better. We know that Campbell's juvenile delinquency problem has decreased since the advent of cityhood.

We are proud to be a part of this growing city despite all the growing pains that this entails. There is room for improvement here that we know. But we are certain that through home rule our objectives can be accomplished for better than under the impersonal relationship with the county that is in effect in unincorporated areas.

Every ordinance before adoption by the City Council must be given a "first reading". And the law in this case means exactly what it says. The ordinance must be read out loud at a council meeting.

Ordinarily this presents no problem, for most of the city ordinances are not too lengthy and the councilmen and city clerk take them in stride. But when a long detailed ordinance such as the new sales tax job is in the hopper that's a voice of a different color.

When the sales tax measure was introduced for its first reading at a recent council meeting there naturally was a great deal of moaning and groaning as the councilmen eyed the clock on one hand and the 18 pages of reading matter on the other.

—o—

But the problem was neatly solved to the satisfaction of all concerned. That is almost all. Evelyn Adamson, deputy city clerk, who was attending the meeting as an innocent bystander was pressed into service by Mayor John M. Chargin to do the honors while the councilmen continued with their business on hand.

Thus to the accompaniement of Evelyn's voice in the background the Council went on to other matters.

Fortunately there were few visitors outside of the immediate official family at the meeting otherwise the story would have started that poor Evelyn had finally flipped.

There she sat at a desk in the ante-room just off the meeting room at the fire house just yakyaking away.

When there was a brief respite in the council's business, the melodious tone of Evelyn's voice called attention to all that the letter of the law was being satisfied. Out loud yet.

—o—

This you won't believe and we are not sure we do either, except we have a number of witnesses to prove that it actually happened. And we are four bits richer for it.

At lunch the other day at The Virginian we discovered that a 50-cent piece had somehow managed to lodge itself in the lining of the pocket in our trousers.

That in itself is not unusual.

But the strange part of it was that there was no way for the coin to get into its unusual position. The trousers are relatively new and the lining is in good shape. There was no opening for the coin to get in nor was there any way for it to get out.

But it was there.

We finally borrowed a steak knife and cut the lining and for our efforts we became four bits richer, even if we now have a cut lining.

—o—

The coin showed evidence of having been to the cleaners but other than that was no worse for wear.

We wouldn't expect you to believe us except we can produce witnesses that it actually occurred. Our lunch partners were Joe Anello and Anita Jacobus. They saw the entire operation.

Mr. and Mrs. Bill Harrison, proprietors of The Virginian, can also vouch for it as can Barbara Ford who waited on us and who graciously furnished a steak knife to cut the lining when all our other manipulations had failed.

—o—

We didn't mean to make a Federal case out of this but honestly it really has us puzzled. (We have cased every other pair of trousers we own but no luck)

It opens up all kinds of possibilities:—

Counld it be that Lowell Benson when the trousers were being cleaned slit open the lining, slipped in the four bits and sewed it up again? We don't think so but we plan to check with Lowell.

Could it be that the guy who sold us the slacks had a guilty conscience about the price he charged and that was his way of giving us a slight reduction? We hardly think he would do it that way, no matter how guilty he felt.

We hardly think that it will become common practice on the part of cleaners and haberdashers. It's too darned hard to do.

It is, of course, one way of saving money, although it is a little tough on the trousers and one doesn't always have a knife around. Piggy banks are much simpler.

Anyway it happened. And we have proof.

It was Joe who added the final word to the episode.

"Now I know what is meant," he said, "when a person says his money is all tied up."

—o—

Those of you who have been following the column, "Low Down on Sports" by nine-year old sports writer, Marvin Moore, will note today that the little guy makes the prediction that Milwaukee is going to win the National League pennane after all.

We are sorta happy to hear that but we feel kinda guilty about forcing old Marv "out on the limb" in his column thataway.

You see he's been telling us all along that the Braves were going to win so this week we blackjacked him into putting it down on paper, just at the time when Brooklyn had finally forged into the lead.

And you know, Marvin may be right at that.

SAN TOMAS SUMMARY

Isabelle Pechin
FR 8-8040

Rev. Lester Craft, and the members of his congregation have completed the Sundayschool rooms at the Pentecostal Church of God, and they are now in use.

The San Tomas Baptist Church is holding all its classes and services in its new building on Harriet.

The Blohms report a rainstorm at Silver Lake above Jackson while they were on their fishing trip. It seemed cold enough to snow, but only rain came down. The fishing was good.

San Tomas Explorer's Post had their last cook-out of the summer at Portola State Park recently. The boys also hiked, fished, and went swimming. They are now beginning to plan for a desert trip—Mohave or the Arizona desert—next summer. All sorts of projects are being evolved to finance the trip, as the location and duration of the trip wll depend upon the financial solvency of the group.

The San Tomas 4H did very well for itself at the fair. Marcia Slaughter got a second and a third on the five chickens she entered. She got three firsts and two seconds on her lambs. Leo De Palma got a first and a second on his lambs. Louise Pechin got a first on her lamb and Gary Arosio got two third prizes on his two lambs. All the children who had lambs, pigs, or beef to sell got better than the market price at the auctions.

Mrs. Ray Spiker, with Mrs. Glen Majors as co-hostess gave Ann Younis and her new son "Tuck" a shower last Thursday night. Ann is membership chairman of the Quito PTA, so her close friends staged a phony board meeting, at June Hamilton's, while the rest of the group met at Mary Spikers.

When the group was assembled, eleven-year-old Edwina Spiker hurried over to June's, appealing for help because all the lights had gone out. When Ann, Mary and June hurried into the house, the lights came on, and the cry "surprise'" went up. The flashlight picture of Ann's face has not yet been developed, but it bids fair to be one of the pictures of the year, if it caught her expression.

Ann opened "big-boy-gifts" from Mmes. Jack Buttoner, M. Vargas, L. Olivier, E. Smith, Chas. Darland, C. W. Neale, A. W. Yesney, Glen Majors, Alvin Lake, E. A. Pechin, R. Nelson, W. F. Shriver, J. Clawson, S. Crisafi, J. Hamilton, T. Medska, Mickey Primmer, J. Steele, B. Stevenson, M. Wheeler, B. Stevens, Z. Stevenson, Nick Grico, J. Gouveca, A. Gouveca, G. Serchia, and Ray Spiker. Stuart and Edwina Spiker also wrapped gifts for the new baby.

Refreshments were sandwiches, salad, and a beautifully decorated angel food cake.

PLANS PARTIES

A series of card parties to be held in members' homes was discussed at Tuesday's meeting of Byron Lanphear Post 6305, Veterans of Foreign Wars Auxiliary, when president Millie Hill presided.

Mrs. Hill reported on the group's recent successful rummage sale and extended the club's appreciation to Murray Martin who donated the use of his building for the affair.

Another matter discussed was the group's presentation of the American flag to the San Tomas School Girl Scout troop in the near future.

Following the meeting, Millie Hill and Ernestine Jones were in charge of serving refreshments.
